EDUCATION

B.Tech. Information Technology, *Easwari Engineering College, Chennai* 09/2023 – Present
CGPA: 8.57 Chennai

Higher Secondary, *Prince Matriculation Higher Secondary School* 2023
Overall Percentage: 89.5

TECHNICAL SKILLS

- Languages : C, C++, Java, Python, Html/Css, JavaScript
- Database : MySQL, Firebase
- Software : MS Office, Canva, Capcut

Projects

Campus Energy Guardian, *IoT-Based Smart Energy Saver System* 10/2025

- Developed an **IoT-based Smart Energy Saver System** using sensors and microcontrollers to monitor and optimize household power consumption.
- Implemented **real-time device control** through an automated switching mechanism to reduce energy waste.
- Designed an efficient **hardware–software integration** ensuring reliable data collection and energy usage optimization.

INTERNSHIP

Sand Bird R&D Pvt. Ltd., *Web Development Intern* 07/2025 – 08/2025
Chennai

- Assisted in the **development and maintenance of web platforms** under the IT department.
- Supported the team in implementing **industry-standard coding practices, design protocols, and security guidelines**.
- Gained hands-on experience in **frontend and backend development workflows**, contributing to the overall efficiency of web solutions.

CERTIFICATIONS ACHIEVEMENTS

- 2nd place in Competitive Coding in IT Symposium
- NPTEL - Elite+Silver certification in Entrepreneurship
- Oracle Academy Java for AP Computer Science
- Microsoft Explore generative AI with Copilot in Bing
- Infosys Multiple certifications in AI & ML

CODING PLATFORMS

LeetCode

- Active user with 200+ problems solved across arrays, strings, database, and dynamic programming

HackerRank

- 3-star coder in Problem Solving

RELEVANT COURSEWORK

Data Structures and Algorithm

Database Management Systems

Software Engineering

EXTRA-CURRICULAR

Chinmaya Mission, *Core Member, Chinmaya Yuva Kendra (CHYK)*

Techsavvy, *Volunteer*

- **Volunteered** in organizing the **Department Symposium (IT)** and a **24-hour Hackathon**, assisting in event coordination and technical arrangements.
- Contributed to smooth event execution by managing logistics, participant support, and technical setups
