🎓 EDUCATION

B.Tech. Information Technology, *Easwari Engineering College, Chennai* 09/2023 – Present
CGPA: 8.52 Chennai

Higher Secondary, *Prince Matriculation Higher Secondary School* 2023
Overall Percentage: 89.5

🧠 TECHNICAL SKILLS

Languages	Database	Software
C, C++, Java, Python, Html/Css, JavaScript, Pyspark	MySQL, Firebase	Databricks, MS Office, Canva, Capcut

📁 PROJECTS

Resume–Job Description Matching Pipeline, 01/2026
Databricks / PySpark / Delta Lake

- Built a scalable **resume–JD matching pipeline** on Databricks using **PySpark** with Bronze, Silver, and Gold architecture.
- Processed PDF resumes, performed text normalization, and extracted technical skills using **rule-based NLP**.
- Generated candidate relevance scores with matched/missing skills and stored results in **Delta tables with ranked CSV outputs** for recruitment analysis.

Campus Energy Guardian, IoT-Based Smart Energy Saver System 10/2025

- Developed an **IoT-based Smart Energy Saver System** using sensors and microcontrollers to monitor and optimize household power consumption.
- Implemented **real-time device control** through an automated switching mechanism to reduce energy waste.
- Designed an efficient **hardware-software integration** ensuring reliable data collection and energy usage optimization.

👜 INTERNSHIP

Web Development Intern, *Sand Bird R&D Pvt. Ltd.* 07/2025 – 08/2025
Chennai

- Assisted in the **development and maintenance of web platforms** under the IT department.
- Supported the team in implementing **industry-standard coding practices, design protocols, and security guidelines**.
- Gained hands-on experience in **frontend and backend development workflows**, contributing to the overall efficiency of web solutions.

- **Internal Software Testing:** Conducted **functional testing** for the company's internal **Employee tracking system** currently under development.
- **Employee Training Content:** Developed comprehensive **training modules** for Employee awareness, focusing on Data Privacy and Cyber Security Topics.
- **Trend Analysis & Marketing:** Researched and formulated a social media marketing strategy and **content planner** focusing on **emerging IT trends** for the year 2026.
